

## WEB OF SCIENCE'DE YAYINLANAN MAKALE VE ATIF LİSTESİ OLUŞTURMA

Öncelikle <https://www.webofscience.com/wos/author/search> link ile Web of Science sayfasına giriş yapıyoruz.

Karşımıza çıkan ekranda 'RESEARCHERS' adımını seçiyoruz.

The screenshot shows the Web of Science Author Search interface. The page is titled "Web of Science" and "Author Search". The "RESEARCHERS" tab is selected, and a search form is displayed. The form includes a "Name Search" dropdown menu, a "Last Name" input field, and a "First Name and Middle Initial(s)" input field. There is also a "+ Add name variant" button and "Clear" and "Search" buttons. A blue arrow points to the "RESEARCHERS" tab. At the bottom of the page, there is a promotional banner for a personalized homepage dashboard with a "Sign in to access" button.

Karşımıza çıkan sayfaya Ad ve Soyadımızı açık bir şekilde yazıyoruz. Kısaltma kullanıldığı zaman farklı Hocaların eserleri de listede görünebildiği için Ad-Soyadımızı yazarken kısaltma kullanmıyoruz.

The image shows a search interface with two tabs: **DOCUMENTS** and **RESEARCHERS**. The **DOCUMENTS** tab is active. It features a **Name Search** dropdown menu, a **Last Name \*** input field containing the text **Temiz**, and a **+ Add name variant** button. The **RESEARCHERS** tab contains a **First Name and Middle Initial(s)** input field containing the text **Gamze**. At the bottom right of the interface, there are **Clear** and **Search** buttons. Two blue arrows point from the text above to the **Last Name \*** and **First Name and Middle Initial(s)** input fields.

Search'a bastığımızda aşağıdaki gibi çalıştığımız üniversite bilgilerinin ve makalelerinizin olduğu bir sayfa karşımıza geliyor. Bu sayfanın görüntüsünü makale ya da atıf listenizin başına eklemeniz gerekmektedir.

#### Abstract

**Introduction:** The present study was planned and carried out as a descriptive and cross-sectional study for determining the Type 2 diabetes risks and healthy lifestyle behaviors of first year university students.

**Material and Methods:** The study was carried with 185 students at a foundation university in Istanbul during the dates of November-December 2019. The data were acquired online via Student Information Form, Type 2 Diabetes Questionnaire (FINDRISK) and Healthy Lifestyle Behaviors Scale.

**Results:** The mean age of the students in the study was 19.79 +/- 2.47 years, 53.5 % (n=99) were male, 29.7 % (n=55) previously graduated from another university, 62.1 % (n=115) were students and it was determined that 50.3 % (n=93) had diabetic relatives. It was observed when the diabetes risk status was examined for all participants that they are in the low risk group due to a FINDRISK total score of <7.

**Conclusion:** The study results emphasize the importance of determining the risk for university students to be diabetic in the next decade, putting forth the individuals with high risk and moving onto the next stage for diagnosis. In addition, it has been determined that the level of knowledge of students may have a positive impact on their healthy lifestyle behaviors.

Sağ tarafta derginin Q değerini gösteren iki farklı liste çıkıyor. Derginin Q değeri için alttaki Journal Citation Indicator'de belirtilen değeri kullanıyoruz.

The image shows a research profile page with two main sections. The left section, titled '5 Publications from the Web of Science Core Collection', lists five articles with their titles, authors, and citation counts. The right section, titled 'EUROPEAN JOURNAL OF CANCER CARE', provides detailed journal information, including JCR and JCI categories and quartiles. A blue arrow points from the text above to the 'Journal Citation Indicator' value of 0.8.

## ATIF DOSYASI OLUŐTURMA

Atıf dosyalarını oluŐtururken de aynı adımları izliyoruz.

Önce üniversite bilgilerimizin, Ad-Soyadımızın açık bir şekilde görüldüğü sayfanın ekran görüntüsünü alıyoruz.

The screenshot shows the Web of Science interface. At the top, there is a black header with the Clarivate logo. Below it, the 'Web of Science' logo and a search bar are visible. The main content area is titled 'Author Profile' and features a 'Remove publications' button. The profile information for 'Temiz, Gamze' is displayed, including her affiliation with the University of Health Sciences Turkey and her location in Istanbul, Turkey. Below this, there are sections for 'Published names' and 'Organization'. The 'Published names' section lists 'Temiz, Gamze' and 'Temiz, G.'. The 'Organization' section lists '2020-2022' and 'University of Health Sciences Turkey'. At the bottom, the 'Web of Science ResearcherID' is shown as 'DXQ-4242-2022' with a 'Share this profile' link.
